The grade in your calculus course is part of the Sophomore GPA Requirement for admission to upper-division courses in the Coles College of Business, and calculus is a prerequisite to certain required business courses. Business majors should NOT take MATH 1101 or MATH 1107.

Substitution requests for General Education courses should be submitted to Dr. Val Whittlesey, Associate Vice President for Faculty Affairs & Curriculum, via the “drop box” located at the First Year & Undeclared Advising Services Center, Room 1304, Kennesaw Hall.

1. Additional Information/Updates – This checksheet does not describe all of KSU’s policies and requirements. 3. Do NOT complete all your General Education requirements before beginning business coursework or you may find it difficult to schedule a full load when you are starting business courses. However, the English composition and the Math courses should be completed right away as they are prerequisites to certain business courses.
