Why Becker? A legacy of learning for a lifetime of success

You now have access to everything you need to pass the CMA Exam, the global benchmark for management accountants and financial professionals.

From regularly updated content to our user interface, we have enhanced every aspect of our CMA Exam Review to be as close as you can get to the exam. Becker prepares you, mentally and emotionally, giving you the confidence you need to cross the finish line. Here’s how:

Revamped content
With 100% coverage of the ICMA Learning Outcome Statements, you’ll always prep with content that mirrors the latest CMA Exam.

Intuitive user experience
We’ve streamlined our user experience based on our highly acclaimed CPA preparation software platform.

Industry-leading instruction
Becker CMA instructors bring decades of real-world experience that translate into real-life application.

Powered by Sana Labs award-winning AI technology, Becker’s Adapt2U Technology assesses what you already know—and where you need the most assistance in order to pass the exam. The bottom line: you’ll be studying smarter, not harder.

This is how Becker gets you exam-day ready. And this is how we prepare you for a lifetime of success.

Personalized learning experience

Adapt2U Technology, powered by Sana Labs award-winning AI

No two people learn exactly the same way. That’s why Becker utilizes Adapt2U Technology to constantly assess your knowledge as you prep, so you can focus on the areas where you need the most help. This is how it works:

Proficiency badge
The exclusive badge tracks your level of proficiency around sections and key concepts to help determine areas where you’re highly proficient or areas where you need more support.

Personalized review sessions
At the end of every unit, our AI technology creates an adaptive review session to test your knowledge and help you become more proficient.

Unlimited personalized practice tests
With our vast database of multiple-choice questions, you can create an unlimited number of unique practice tests. Choose between the adaptive personalized practice tests that focus on areas of opportunity, or the random practice test.
Flexible formats to fit every learning style

**Self-study: learn anywhere, any time**
Study at your own pace no matter where you are or when you want. If you’re a highly motivated self-starter and disciplined learner, this format was made for you.

**LiveOnline**
Learn anywhere with the help of a structured schedule and real-time access to experienced instructors. Live webinar courses give you the support of live instruction wherever you choose to study.

**Simulated exams**
Simulated exams feature new questions you’ve never seen before—not computer-generated mashups of past modules—written by knowledgeable instructors. Everything from timing to structure is based on the actual CMA Exam to help you prepare for the real thing.

**Unlimited practice tests**
Customize your progress tests to focus on your weaknesses, and take as many as you need. Tailor everything from the topics to the number of questions to answer, including multiple-choice questions and essays.

**Instruction from industry experts**
Every Becker instructor is an expert in accounting or business—and few come more respected or qualified. With Becker, you get the most comprehensive experience around.

**One-on-one academic support**
Personal access to support and answers from experienced instructors when you need it most.

About the CMA Exam

Administered by the Institute of Management Accountants (IMA), the CMA Exam consists of two parts that must be completed within three years of entering the certification program.

2 types of questions
Each exam part consists of 100 multiple-choice questions and two 30-minute essay questions.

8 hours in total (4 hours per part)
For each part, you’ll have three hours to complete the multiple-choice section and one hour to complete the essays. Once you complete and exit the multiple-choice section of the exam, you can’t go back. You must remain in the essay section to complete the exam.

Scoring
All scores on the CMA exams are expressed as scaled scores, ranging from 0 to 500, with the passing score set at 360. Candidates are not required to “pass” both sections; the total score determines pass/fail status. Exam results will be emailed and posted to your online profile approximately six weeks from the end of the month in which you tested.

An unprecedented opportunity

For nearly 50 years, the Certified Management Accountant certification has been the global benchmark for management accountants and financial professionals. Here’s how it can give you an edge in your career:

The possibilities
The CMA opens doors for you in both corporate and business settings, including careers in management accounting, cost accounting, financial accounting and financial risk management.

The skills
Earning the CMA verifies your mastery of 12 critical competencies in management accounting—financial reporting and internal controls to decision analysis and risk management. It means that you’ve done the work and gained the insights, skills and decision-making expertise that are key to expanding your career options.

The future
Since 2019, the number of new CMAs increased by 17% globally. Being a CMA puts you among the elite in the world of finance and accounting, potentially opening up opportunities for you in the U.S. and abroad.
