Instructions to Conduct the BUSA 4150 Career Conversation

In BUSA 4150 you are at a point in your career journey where you need to be engaging with professionals in your desired career field. It is a requirement for BUSA 4150 that your career conversation be with a professional that is currently in the specific position you have identified as your career goal. A professional is defined as someone that has 5 years or more of work experience in the specific company or position. You are required to complete a reflection in the Flight Academy-Suitable App and answer the following questions:

1. Why did you pick the specific professional?
2. What did you learn from the Career Conversation?
