PROFILE

Here is your student profile. This is where you can track your activities + points + see your position on the Leaderboard.

ACTIVITIES

Here you will find all + upcoming and past activities for Coles College students. These resources and activities will shape your ability to succeed after graduation and reinforce the value of connection to create a lifelong learner prepared for the future of work.

Your activities are searchable by name + level or competencies.

- Levels 1 activities = 10pts
- Level 2 activities = 20pts

Most activities will have an applied due date (don’t freak out – just plan ahead)
LEADERBOARD

Who doesn’t like a little competition? The leaderboard organizes students into classification + section + major. Here you can see your position and who’s crushing the events and activities.

Note: Your position on the leaderboard does NOT equate to your grade in the course.

ACHIEVEMENTS

Your achievements are grouped into **badges**.

Your **milestones** are achievements you’ve already completed.

**Retired badges** are no longer achievable.

Once you click on a badge you will see a button to view the requirements. (Guess what) – Here you’ll find a list of requirements to achieve the badge.

<table>

- Be sure to pay attention!
Remember, plan ahead, be resourceful and don’t panic. The Flight Academy is here to see you soar.
