We are AACSB (business) and ABET (technology) accredited and a member of SAP Academic Alliance. Our graduates have the expertise, practical experience, and decision-making skills to contribute in any business environment. They are excited about what technology can do and understand how to use it strategically. This knowledge is balanced with a first rate business education, developing leaders to help organizations make the most of their technology.

Our faculty come from diverse areas of professional expertise and work to prepare students with hands-on, experiential learning. These experienced educators make a difference with their commitment to student success, not only by sharing their knowledge, but also by staying engaged. They actively connect with the business community and security experts to keep their knowledge current and engage in game-changing, applicable research to address modern business challenges.

We are solving real business problems and preparing our students for high-demand career opportunities. Our graduates’ educational foundation empowers them to enhance any organization’s ability to compete in the modern marketplace.
DEGREE OPTIONS

- 2 BBA Options: Information Systems, Information Security & Assurance
- 3 Graduate Programs: MSIS, Dual MSIS/MBA, MSHMI
- 2 Minors: Information Systems, Information Security & Assurance

BEYOND THE CLASSROOM

Our programs and faculty enjoy strong relationships with most of Atlanta's large employers for student networking and internship opportunities, as well as departmental sponsorship and support, including: Georgia-Pacific, SunTrust Bank, IBM, The Coca-Cola Company, The Home Depot, Macy's, Ernst & Young, UITS (KSU IT), Georgia Technology Authority, Orasi Software Inc., ETS Solutions, and more.

We connect with a variety of Student Organizations, Resources, and Centers:

- Women in information technology (WIT)
- Offensive Security Club (OffSec)
- Student Chapter Association of Information Systems
- Coles Cybersecurity Team
- Center for Information Security Education, regional host for the Southeastern Collegiate Cyber Defense Competition
- Mobile Application Development Lab (MADLab)
- BrainLab, part science lab and part technology incubator

THE COLES COLLEGE DIFFERENCE

Known for workforce ready graduates, we prepare students with relevant, practical skills around a core of teamwork, collaboration, and achievement. Through programs designed for engagement and experiential learning as well as national competitions and research, we connect the classroom to the real world. At Coles, we offer unique resources to drive student success.

- Undergraduate Programs Advising Center, providing student services like pro-active Academic Advising, Career Coaching, Internship & Co-op Advising, and Education Abroad Support.
- The Tetley Distinguished Lecture series and All Access Events, creating opportunities for students to connect with business leaders and top area employers.

Ours is a 360-degree education that acts as a vehicle for opportunity with transferable hard and soft skills to leverage success in any chosen career. Whether you are a prospective student, alumnus, or member of the business community, we're here to help you Aspire to More™.
